Academic Policies and Procedures

Course Grading Structures

Grading breakdowns may differ by course, department, and grade level. Teachers communicate their specific grading practices—including how assessments, practice work, team activities, and final exams are weighted—through the course syllabus at the beginning of each term. Students and families should refer to each syllabus for accurate, up-to-date grading policies. Exhibit 2

Academic Interventions

When a student demonstrates significant difficulty with content, particularly after putting forth effort, it signals a need for reteaching, reassessment, or additional support. In such cases, teachers may assign academic interventions to take place during study hall or another appropriate time. Students who do not complete work or demonstrate a lack of effort may receive a zero or the score earned. All students have access to intervention opportunities throughout the school day to support their learning and growth.

Grading Practices

Grading policies may vary by course and teacher. Students are expected to review each class syllabus for specific grading breakdowns and expectations. In general, grades reflect a combination of assessment and practice work, with a greater emphasis typically placed on assessments. Semester grades may include weighted contributions from quarter assessments and a final exam, as outlined by the course instructor.

Other Changes

Incidents of cheating or plagiarism—on assessments or practice work—will be addressed seriously. Consequences may include a reduced grade, loss of credit for the assignment, retake opportunities, and disciplinary action. The specific academic and behavioral responses will be determined by the teacher and/or administration, taking into account the course level and circumstances.

Exams

Teachers may administer examinations at the end of each grading period or at other appropriate times. Any requests to reschedule exams must be approved by the administration. Students with an excused absence on the day of an exam are expected to follow up with their teacher to arrange a make-up opportunity. The use of phones or other unauthorized electronic devices during exams is not permitted and may result in disciplinary action.

Grade Reporting

Grade cards are made available online at the end of each grading period through ProgressBook. Parents and guardians are encouraged to regularly monitor student progress using this platform. Teachers may also communicate academic updates throughout the quarter. Students are responsible for staying informed about their academic standing and sharing updates with their families.

Grade Point Average (GPA)

Current GPA is figured each nine-week period. Cumulative GPA includes only final grades (semester and full year).

Grading System

94-100	A	90-93	A-	80-83	B-
87-89	B+	84-86	B	70-73	C-
77-79	C+	74-76	C	60-63	D-
67-69	D+	64-66	D	59-50	F

AP, IB and College Credit Plus classes will be weighted as a 5.0 and all other classes will be weighted as a 4.0.

Incomplete Grades

Incomplete grades are intended to provide students time to complete missing work due to excused absences or other approved circumstances. Teachers will set clear deadlines for resolving incomplete work, typically within the first two weeks of the next grading period. If work remains incomplete, the grade may be converted to a failing mark at the teacher's discretion.

ProgressBook Access

ProgressBook provides real-time access to student grades, attendance, and assignments. Families are encouraged to check ProgressBook regularly to stay informed. Login information can be obtained through the Guidance Office. Families without internet access may request paper copies of grade reports from the school office.

State Testing

State-mandated assessments are determined by the Ohio Department of Education, including the grade levels and subjects in which they are administered. The school will communicate testing schedules and requirements in advance.

Junior High State Assessments

- **Grade 7:** Language Arts, Math
- **Grade 8:** Language Arts, Math, Science

High School End-of-Course Assessments

Testing Day Expectations

Students will follow an adjusted schedule during testing and are expected to remain at school after completing their assessments.

Attendance Policies and Procedures

Attendance is measured in **hours**, not days, in accordance with Ohio Department of Education guidelines. Consistent attendance is critical to student success, and families are encouraged to schedule personal matters outside of school hours whenever possible.

Ohio Law: House Bill 410

Under **House Bill 410**, schools must monitor student attendance based on instructional hours missed.

Excessive Absences

A student is considered to have excessive absences when they miss:

- **30 or more hours in a school month** (with or without a legitimate excuse)
- **65 or more hours in a school year** (with or without a legitimate excuse)

Habitual Truancy

A student is considered **habitually truant** if they are absent **without a legitimate excuse** for:

- **30 or more consecutive hours**
- **42 or more hours in a month**
- **72 or more hours in a school year**

Schools are required to follow state-mandated intervention procedures if these thresholds are met, which may include improvement plans, conferences, or other support.

Attendance Monitoring and Documentation

- A letter may be sent home when a student reaches **33 hours of absence** in a nine-week period.
- Starting with the **34th hour and beyond**, **official documentation** is required for absences to be considered excused.
- **Unreported or undocumented absences** will be marked as unexcused.

Excused vs. Unexcused Absences

Absences are classified based on both **reason** and **documentation**.

Excused Absences include:

1. Illness or extended illness (with parent or medical note)
- An Equal Opportunity Employer

2. Medical or dental appointments (must include time/date and provider verification)
3. Court appearances (with documentation)
4. Quarantine of the home
5. Serious family emergency or approved work at home (with administrative approval)
6. Pre-approved **college or technical school visits** (with verification from the institution)

 - Visits should be scheduled before **May 1**
7. **Pre-approved family vacations** (form available in the office)
8. Observance of religious holidays
9. **Driver's education** training or testing (with documentation)

Important: Medical notes must list specific dates of absence. Vague or general notes may not be accepted.

Unexcused Absences include but are not limited to:

- Oversleeping
- Missing the bus
- Car trouble
- Leaving school without permission
- Failure to follow college visit documentation procedures
- Any absence without proper documentation

Reporting an Absence

Parents or guardians must call the school at **(330) 658-2011** by **8:30 a.m.** to report an absence.

- Voicemails can be left outside of school hours.
- If a student is not reported off, the school will attempt to verify the absence.
- **Unverified absences are marked unexcused.**

Returning to School After an Absence

Upon return, students must provide a **written note** from a parent/guardian, physician, dentist, or court to document the reason for the absence.

Extended Illness

Serious or prolonged illness may require additional medical documentation. In special cases, the **principal has discretion** to grant exceptions to the attendance policy based on individual needs.

Early Dismissal

Exhibit 2

To request early dismissal, students must bring a **note to the office before school**. The note must include:

- Student name
- Date and dismissal time
- Specific reason (not "personal")
- Return time, if applicable

Students must **sign out and sign in** at the office. Failure to do so may result in disciplinary action.

Leaving the Building During the School Day

Students must receive **office permission** before leaving the building for any reason (illness, car, appointments, etc.).

Unauthorized departures may result in disciplinary consequences.

Make-Up Work Requests

If a student will be absent for **two or more consecutive days**, families may request make-up work by calling the office **before 9:00 a.m.** on the second day.

Work may be sent home with a sibling or picked up in the office.

- **FinalForms Text Alert** system

To receive text updates, ensure your information is current in FinalForms.

Tardiness

Exhibit 2

Students arriving late must report directly to the office to **sign in and receive a late slip**.

- Tardies are counted as **unexcused** unless accompanied by acceptable documentation.
- **Minutes missed due to tardiness contribute to a student's unexcused absence total** under Ohio attendance law.

Truancy (Ohio Law: HB 410)

Ohio law defines a **Habitual Truant** as any student absent **without a legitimate excuse** for:

- **30 or more consecutive hours**
- **42 or more hours in one school month**
- **72 or more hours in a school year**

This includes **unexcused full-day absences** and **accumulated minutes from tardies or early dismissals**.

When a student meets the criteria for habitual truancy:

- The school is required to implement an **Absence Intervention Plan**
- The plan may include meetings with families, support strategies, and progress monitoring
- Continued unexcused absences after the plan may result in additional interventions in accordance with state guidelines

Family Education Rights and Policy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

The right to inspect and review the student's education records within 45 days of the day the School receives a request for access. Parents of eligible students should submit to the Principal a written request that identifies the records (s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate. A written request should clearly identify the part of the record they want changed, and specify why it is inaccurate. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment.

Additional information regarding the hearing procedure will be provided to the parent or eligible student when notified of the right to a hearing.

The right to consent to disclosure of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

Exhibit 2

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility.

Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. (NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.)

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW

Protection of Pupil Rights Amendment (PPRA)

PPRA affords parents and students who are 18 or emancipated minors ("eligible students") certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

- Consent before students are required to submit to a survey that concerns one or more of the following protected areas ("protected information survey") if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED)-
 1. Political affiliations or beliefs of the student or student's parent;
 2. Mental or psychological problems of the student or student's family;
 3. Sex behavior or attitudes;
 4. Illegal, anti-social, self-incriminating, or demeaning behavior;
 5. Critical appraisals of others with whom respondents have close family relationships;
 6. Legally recognized privileged relationships such as with lawyers, doctors, or ministers;
 7. Religious practices, affiliations, or beliefs of the student or parent; or
 8. Income, other than as required by law to determine program eligibility.
- Receive notice and an opportunity to opt a student out of-
 1. Any other protected information survey, regardless of funding;
 2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and
 3. Activities involving collection, disclosure or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.
- Inspect, upon request and before administration or use –
 1. Protected information surveys of students;
 2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes;
 3. Instructional material used as part of the educational curriculum.

Wayne County Schools Career Center has developed and adopted policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. Wayne County Schools Career Center will directly notify parents and eligible students of these policies at least annually at the start of each school year and after any substantive changes. Wayne County Schools Career Center will also directly notify

parents and eligible students, such as through U.S. Mail or email, at least annually at the start of each school year of the specific or approximate dates of the following activities and provide an opportunity to opt a student out of participating in:

- Collection, disclosure, or use of personal information for marketing, sales or other distribution.
- Administration of any protected information survey not funded in whole or in part by ED.
- Any non-emergency, invasive physical examination or screening as described above.

Parents/eligible students who believe their rights have been violated may file a complaint.

Safety Drills

Periodic fire, tornado and evacuation drills are required by law. Maps are posted in each room giving evacuation procedures to follow in an emergency. Please observe the following points during a drill.

- Do Not Run, walk rapidly, single file
- Take purses or any personal valuable with you. Books should be left in the room

Visitors

All visitors must register at the office upon entering the building.

Work Permits

The State of Ohio requires all students who are employed and under the age of 18 to hold a valid Ohio work permit. Work permit forms can be obtained in the high school main office.

The Guidance Department

Academic Awards

Academic Awards including Purple Cord (Honors Diploma), Red Cord (Magna Cum Laude), Orange Cord (Summa Cum Laude) and Gold Cord (Cum Laude) are based on the student's cumulative grade point average at the end of their eighth high school semester.

College and Career Planning

A counselor will meet individually with seniors at the beginning of the school year. Those students interested in college or technical schools are guided through the testing and application process. College and technical school information is available through the Guidance Office and online along with applications, scholarship information, and financial aid forms.

When a student initiates the application process, the counselor's office provides an official transcript for the student to send to the designated school.

College visitation is encouraged and an excused absence is granted. This must be a planned day with the office and teachers informed.

Please see the CHS-Guidance website page for links to career planning resources.

Class Schedules and Changes

A student's schedule is developed in the spring for the following school year. Adjustments to any schedule need to be made prior to May 31st. Every effort is made to schedule students into the classes that they have selected. Occasionally, conflicts may arise where students must be placed in an alternate class because of scheduling difficulties. Each conflict is resolved after consulting with the student, if possible. Schedule changes are discouraged after the registration process has been completed, to ensure reasonable class sizes and balanced teaching loads.

ALL REQUESTS for schedule changes will be governed by the following guidelines.

1. Students will receive a verification of registered courses by the beginning of May.
2. Each grade will be given a window within May when "change of mind" schedule changes will be permitted.

After the May 31st deadline, ALL schedule changes must be signed-off by the Principal or Assistant Principal. There will be no schedule changes considered for freshmen and sophomore students as both grades have a full schedule. Students dropping a course after two (2) weeks into the semester will receive an "F" for the course. Exceptions will be made for students who, with teacher-principal-counselor permission, choose to audit the course for the remainder of the school year and retake the course during the following school year.

Chippewa Virtual Learning Academy (CVLA)/ On-line learning 2025-2026

1. Credit recovery students will be placed on Acellus at no charge and will have the opportunity to regain credit in the necessary courses.
2. If credit recovery students do not make adequate progress, they will be removed from the Acellus program. The student will then be responsible for a new \$100 Acellus license fee to re-enroll in their credit recovery courses.
3. Any student wishing to take a course on Acellus that is not offered in person at Chippewa Jr/Sr High School must receive approval from the principal or assistant principal and will be assessed a \$50 fee per semester per course.
4. Application and school fees must be paid before enrollment into CVLA. The deadline for this is Monday, August 12th.

Chippewa Local School District will use online/eLearning classes to supplement the curriculum, allowing students to take overloaded classes (i.e. classes that are not able to fit in a normal school day), and to provide a full curriculum at Chippewa Local School District. Enrollment in the online classes is a privilege, not a right and enrollment in the online learning platform must be approved by the principal or assistant principal. Students may be denied the privilege of enrollment if their academic and behavioral record does not indicate the academic ability and self-discipline needed to succeed in online classes.

National Honor Society

Membership in National Honor Society is one of the highest honors that can be awarded to a high school student. The selection in National Honor Society is a privilege, not a right and should be treated with the respect it deserves.

National Honor Society upholds four ideals: Character, Scholarship, Leadership, and Service. Only students with a 3.5 cumulative GPA are eligible. Those students who wish to be considered for NHS must demonstrate the four ideals listed above. Once selected, members have the responsibility to continue to demonstrate these ideals.

Additional Honors Diplomas are available. Please contact the Guidance office for more information.

Special Academic Programming

- **Advanced Placement (AP):** AP Exams are rigorous, multiple-component tests that are administered at high schools each May. The Advanced Placement (AP) program is a series of college level courses and examinations that give Chippewa High School students opportunities to receive advanced placement and/or credit in college. High school students can earn college credit, placement, or both for qualifying AP Exam scores. Each AP Exam has a corresponding AP course and provides a standardized measure of what students have learned in the AP classroom. The cost of each test is \$94.00.
- **College Credit Plus (CCP):** The College Credit Plus are courses that allow students to receive no cost college credit at the same time as they receive high school credit. These options are available to students that meet certain eligibility requirements. The requirements vary somewhat depending on which College or University is being used for the credit. These credits will then transfer to any Public Universities or Regional Campuses in the State of Ohio as well as on a case by case option for many private and out of state schools. College Credit Plus replaces the PSEOP, post-secondary enrollment options. Please see the Guidance page on the CHS website or contact a counselor in the guidance department for more information.

Testing Programs

Students need to consult with their counselor each year about college entrance tests they need to take. Most colleges require either the SAT or ACT. Please note that:

1. Fees are charged by the testing agencies for all tests.
 2. Test requirements vary among colleges/universities. Students should consult their school counselors with regards to the appropriate test(s) to take. Test registration materials are located online.
- **ACT -** We encourage all 10th and 11th graders to take the ACT
