

At Chippewa Local Schools, every day is about creating opportunities for students to learn, grow, and succeed. This snapshot highlights the work happening across our district and the impact it has on our students, families, and community. It reflects how we deliver high-quality education while being responsible stewards of the resources entrusted to us.

BY THE NUMBERS 2025-2026

These figures tell the story of what it takes each day to serve our students and community. Behind every figure is a system designed to support learning, including safe transportation, nutritious meals, well-maintained facilities, and high-quality instruction.

Public education is an investment in our students and our future. For approximately \$80 per student per day, Chippewa Local Schools provides the people, programs and resources needed to support 1,088 students.

We are committed to maximizing the value of every taxpayer dollar through careful planning, ongoing evaluation, and a focus on what matters most: student learning.
